BOROUGH OF CARTERET

Daniel J. Reiman, Mayor

Dear Neighbor:

In Carteret, we know that the strength and stability of a community largely hinges on its economic vitality and our small business community. Over the past 20 years, we have seen unprecedented growth in the industrial, retail and service markets that makeup the backbone of our local economy. These businesses create jobs, help to lower the tax burden on residents, and provide an array of goods and services to our visitors and those calling Carteret home. In order to assist business' outreach and aid in their continued growth, I am proud to offer this complimentary 2023 Business Directory on behalf of the Carteret Business Partnership.

From our Urban Enterprise Zone (UEZ) designation, which boasts 3.5% reduced sales tax and financial assistance from agencies, such as the New Jersey Economic Development Authority, to the Carteret Business Partnership's generous grant, microloan, and tax credit programs, Carteret has distinguished itself as one of the premiere places to do business in Central Jersey. Conveniently located off Exit 12 of the Turnpike and with a host of newly constructed mixed-use residential developments that are currently available and forthcoming, our Borough has both the location and structural incentives that have served as catalysts for our economic renaissance.

But there is still much work to be done, especially as national economic winds shift. It is my hope this directory encourages you to shop locally and helps us take one more step toward an even more robust local economy. As a community, we are all working toward building a "Better Carteret," and I invite you to join us in continuing that mission.

Learn about small business grant and loan programs available to local businesses by calling the Carteret Business Partnership at 732-541-3835 or by emailing info@carteret.net. And always remember to shop and dine local; shop and dine in Carteret!

Regards,

Mayor Daniel J. Reiman

TRANSFORM YOUR SOIL CHALLENGES INTO RECYCLING OPPORTUNITIES

CARTERET, NEW JERSEY SOIL TREATMENT & RECYCLING FACILITY

Clean Earth's soil treatment and recycling facility at Carteret, is the first fixed based bioremediation facility permitted in the state of New Jersey and the largest of its design in the U.S.

At Carteret we use a proven biological system that removes petroleum hydrocarbons from soil so it can be recycled as fill material, landfill capping, or cover.

If you're looking for a place to start, relocate, or expand your business, look no further. Carteret has become one of the premier municipalities within Central New Jersey for business and commercial growth, and we invite you to discover why.

Over the past decade, our town has undergone tremendous changes, remaking itself from a smokestack industrial town into a more commercial, retail-based municipality. Much of the development in Carteret since 2000 has focused on mixed-use commercial and residential development, as well as the remediation of abandoned and vacant properties to create thousands of new jobs and residential locations. Carteret and its aggressive pro-business tactics have been recognized throughout New Jersey, including our innovative public-private partnerships and construction of the state-of-the-art \$50 million URSB Carteret Performing Arts & Events Center.

Should you be interested in joining the progress underway in Carteret, we are ready and able with the necessary incentives to ensure the move makes sense for you. The Carteret Business Partnership, nonprofit entity that manages our Special Improvement District, offers a wide variety of programs designed to ensure your business is successful. Additionally, the Borough's status as an Urban Enterprise Zone allows you to take advantage of numerous state benefits, including a 3.5% sales tax that will draw customers to your business.

We look forward to partnering with you as we seek to grow our local economy and build an even better Carteret.
