**ADDITIONAL INFORMATION:**

Exempt purchases made by qualified businesses do not have to be purchased from sellers located within a UEZ. Exempt items purchased from an out-of-State seller and delivered into New Jersey are exempt from use tax that would otherwise be due.

Purchase transactions must be for tangible personal property or services that are used or consumed by the qualified UEZ business at its zone location.

“Small Qualified Businesses” may issue a UEZ Purchase Exemption Certification (Form UZ-5-SB) for point-of-purchase exempt purchases. All other UEZ businesses must pay sales tax on taxable sales but may apply for a refund of the sales or use tax paid.

For reduced rate sales tax collection completed purchase transactions must be made face-to-face; either by customer ordering at the UEZ qualified retailer’s site or by picking up at that site.

To be authorized to collect sales tax at the reduced rate, the business must make retail sales and is not primarily a catalog, mail order, or internet business.

Contractors must purchase materials, supplies and services that are used and consumed exclusively at the UEZ businesses location.

Delivery charges associated with exempt purchases of tangible personal property are also exempt; delivery charges associates with taxable purchases of tangible personal property are also taxable.
